

# Finishes

## Galvanized

Withstanding the elements with little to no maintenance, our galvanized products are durable and weather to a battleship grey. For this finish, the product will have vent holes that will allow draining after a hot-dip in the molten zinc tank. A galvanized product is an economical choice that resists rust. This finish comes with a 5-year warranty.

## Black Vinyl Cushion Coating

For the devoted bicyclist, Black Vinyl Cushion Coating is an easy way to protect the integrity of bicycles. The racks are dipped in plastisol to achieve a 1/8th inch rubbery finish. This added cushion protects high quality bicycles from dents and scratches. The default color for this finish is black. Other colors are available upon request. Cushion Coated product have a 1-year warranty.

## Stainless Steel

Crafted from stainless steel and polished to a rich, Satin #4 finish, these racks are a highly durable and attractive option that will last through decades of use. As one of our more resilient finishes, the Stainless Steel finish is perfect for products used in salty ocean air and other tough environmental conditions. Products come with

## Electro Polished Stainless Steel

Much like our Stainless Steel finish, Electro Polished Stainless lends decades of durability to your rack. To achieve this sleek and polished look, our Electro Polished Stainless Steel finished racks are dipped into an electro-chemical bath that removes mill scale impurities and adds a high level of shine. This product is complete with a 5-year warranty.

## Thermoplastic Powder Coat

Protect bicycles from dents and scratches with this lightly cushioned thermoplastic finish. rack is powder coated after fabrication with thermoplastic polyethylene coating, giving the product a slightly soft and protective quality. Thermoplastic Powder Coated products are backed by a 1-year warranty. Limited color selection available.

## Powder Coated Stainless Steel

Constructed with stainless steel, Powder coated Stainless Steel racks are highly durable due to the anti-corrosive property of the steel used in construction. The racks are polished and then coated with an electrostatically applied super TGIC polyester powder. These products come with a 5-year warranty due to the durable steel they are constructed with.

## Super TGIC Powder Coat

Available in 18 vibrant shades, Super TGIC coated products wil stain significantly less from UV light than other finishes, keeping your rack's color vivid longer. The rack is powder coated after fabricated with a 5-6mm thick electrostatically applies super polyester powder coating. This finish has a 1-year warranty.
